After reading Steve's email regarding the color changes for RR and being a member of the Governance Committee chaired by Garrett I offered little or no input regarding the proposed changes. Thus the proposals were met with little or no resistance simply because only one person knew what they were talking about and that was Garrett. I totally agree with Steve's assessment of the situation. I think we may be over regulating once again thus creating confusion amongst the residents. As it stands I think we have enough colors to pick from.
